Hands-On Hypercard: Designing Your Own Applications Mimi Jones, Dave Myers

An easy-to-use, hands-on guide to Macintosh's HyperCard program, including many time-saving tips and tricks not found in the support documentation. Covers the basics before going on to more advanced topics, providing many helpful, real-life examples along the way. Written by two HyperCard experts, one of whom (Jones) wrote the training material for Apple employees and Apple Dealers. They show you how to program the Macintosh easily, and they explore HyperCard's wide range of applications. Incorporates the latest HyperCard update (version 1.2). Disk available from the authors, with the book's stackware (and more!) on it.
