Turning passion into practice as a professional early childhood educator

Early Childhood Education: Becoming a Professional is an inspiring introduction to the world of early childhood education, preparing the teachers of tomorrow to reach their full potential in their schools and communities. Written by a diverse and experienced author team, this text engages readers to connect contemporary educational and developmental theory and research to developmentally appropriate practices and applications that are easily implemented in the classroom. In response to today's ever-changing educational environment, the text focuses on both the importance of taking personal and professional responsibility, as well as today's issues in diversity?from supporting children with exceptionalities to supporting children and families in broader cultural contexts.

Electronic Book

This dynamic new format is ideal for students in online and traditional courses who prefer a more contemporary, multimedia-integrated presentation for learning. It provides students with an online book that can be read from any device, ability to download a digital copy and search, highlight and bookmark the text.
