The Kennedy Obsession: The American Myth of JFK John Hellmann

John F. Kennedy was not only a president, but also a symbol for America's most cherished ideas. In *The Kennedy Obsession*, John Hellmann takes a thoroughly original approach to understanding Kennedy's star power and his carefully crafted public image. Tracing Kennedy's self-creation as diligent scholar, bashful hero, and sensitive rebel-cued by cultural figures such as Lord Byron, Ernest Hemingway, and Cary Grant—and the images of Kennedy in the aftermath of his assassination, Hellmann reveals the painstaking transformation of private life into public persona, of a man into perhaps the major American myth of our time.
