Mystical and Magical Paths of Self and Not-Self, Volume 2 Paul Simons

For the true seekers of Right Knowledge, this work marvellously defines the two great paths of life. The magical path: those who are on the quest for new frontiers of invention - scientific, technological and social reforming; and, the mystical path: those on the quest of spiritual enlightenment and Self-realisation through metaphysical principles; the path of meditation toward true inner Love, Peace and Joy. So this major work - Volumes 1 & 2 of the MMSN series, is basically a collaboration of esoteric (spiritual) as well as exoteric (physical) information from various cultures, religions, and ancient writings as well as modern writings - from all around the world. The book is therefore excellent as a comparative tool. The reader will come across various mental concepts and conclusions regarding spiritual enlightenment. However, regardless of the concepts that are being addressed, the reader is constantly being reminded that there is but ONE Universal Spirit that runs through ALL THAT IS.
