Beuys In America

Beuys In America

On January 9th, 1974, Joseph Beuys travelled to America for the very first time in his life. His trip was meticulously planned, with an art/performance scheduled in between each airplane, taxi and hotel, at prominent universities and galleries. Each venture in the New World was documented in these photographs. Single shots, sequences and photo-novels were produced, in addition to film stills and the movies *Dillinger* and *The Dead Eyes of London*. Beuys himself put together the layout for this book just before he died in October 1985. This unique travel report, which lay unpublished for over 20 years, is now presented in the exact format intended by Beuys.
