Darin P. Trelka, Peter M. Cummings

Pearls and Pitfalls in Forensic Pathology: Infant and Child Death Investigation Darin P. Trelka, Peter M. Cummings

This practical text guides the reader in infant and child death investigation from the moment the phone rings to the final signature on the death certificate. Using an easily understood conversational writing style, the text imparts up-to-date, practice-based information on approaches to death investigation, clarifying misunderstandings and supplementing training gaps. Chapters also impart personal experiences relating to policy, procedure, standards, and the anticipation of problems during death investigations. Interspersed throughout the text are procedural standards from the National Association of Medical Examiners and Centers for Disease Control and Prevention, as well as high-quality images and observations of effective administrative and management strategies for offices involved with death investigations. The book is packaged with a password, giving users online access to all text and images. Pearls and Pitfalls in Forensic Pathology: Infant and Child Death Investigation is an essential resource for medicolegal death investigators, coroners, medical examiners, forensic pathologists, forensic laboratorians and attorneys.
