Point/Counter Point: Illegal Aliens and the American Way of Life David Lantz

Those who are willing to wait in line, and follow the rules, really want to be here. They come, not only to better themselves, but our nation as well. Those who come illegally, aided by a network of groups who have their own agendas for helping them get here, are less likely to pledge allegiance to the United States of America. At best, it results in a fracturing of community & culture, not the building and nurturing of American culture. At worst, it provides cover for those who wish to harm our nation as they invade, undermine and destroy our nation in a post 9/11 world. Point/Counter Point: Illegal Aliens & the American Way of Life is concerned with 3 specific issues: An undermining of the integrity of our electoral system of government. The use of identity theft and other forms of deceit to steal from legitimate American citizens. The potential for collusion between criminal, foreign and domestic political elements to corrupt the American free enterprise and political system. Wow: Undermining our electoral system, organized criminal elements committing identity theft on a massive scale, and alliances between elected American officials and criminal elements. Sounds pretty alarmist and extreme, doesn't it? One might ask: "How are you going to get people to pay attention to such intense, ultra-serious allegations?" We'll use cartoon character sketches of people like Hillary Clinton and Rush Limbaugh to help make our points in a comic-book style approach. Others, like Ross Perot, will add their two cents worth along the way. Thus, we'll use a little humor to communicate information on this important topic. The lines are drawn. The battle for the American Way of Life is on. Do you know there is a battle being fought even now? Point/Counterpoint will open your eyes to this very important struggle.
