Finally, journals for writers by writers! The Scriptwriter's Journal is for compulsive outliners, freestylers, first-timers, old hands and everyone in between. The first few pages are for planning, plotting and outlining to keep your thoughts organized and handy for easy reference. Then you flip to the dailies and the fun really begins! On the left is space to break it all down: you describe your scene from beginning to end- point by point (nothing heavy here)- so you know what you want when you sit down to write for real. The right side keeps you on track: when you started, when you stopped, where you wrote, word count... it's all there. There is space for notes to jot down those thoughts that distract you from your current scene to keep you focused and writing away. There are even progress bars to keep you motivated! The pocket edition is small enough to fit in a bag or planner so you can keep it with you on the go. Check out our full-size edition for more writing room and specialty journals for all of your writing endeavors!
