Management Of Information Security

Michael E. Whitman, Herbert J. Mattord

Management Of Information Security Michael E. Whitman, Herbert J. Mattord
Information security-driven topic coverage is the basis for this updated book that will benefit readers in the information technology and business fields alike. Management of Information Security, provides an overview of information security from a management perspective, as well as a thorough understanding of the administration of information security. Written by two Certified Information Systems Security Professionals (CISSP), this book has the added credibility of incorporating the CISSP Common Body of Knowledge (CBK), especially in the area of information security management. The second edition has been updated to maintain the industry currency and academic relevance that made the previous edition so popular, and case studies and examples continue to populate the book, providing real-life applications for the topics covered.

From reader reviews:

Kathleen Allen:

What do you think of book? It is just for students as they are still students or that for all people in the world, what the best subject for that? Just you can be answered for that problem above. Every person has distinct personality and hobby for each and every other. Don't to be pushed someone or something that they don't desire do that. You must know how great as well as important the book Management Of Information Security. All type of book can you see on many sources. You can look for the internet solutions or other social media.

Katherine Belcher:

Do you have something that you want such as book? The guide lovers usually prefer to decide on book like comic, quick story and the biggest one is novel. Now, why not striving Management Of Information Security that give your pleasure preference will be satisfied simply by reading this book. Reading routine all over the world can be said as the method for people to know world considerably better then how they react toward the world. It can't be mentioned constantly that reading addiction only for the geeky individual but for all of you who wants to possibly be success person. So , for every you who want to start looking at as your good habit, you may pick Management Of Information Security become your own starter.

Marjorie Wright:

Your reading sixth sense will not betray anyone, why because this Management Of Information Security book written by well-known writer whose to say well how to make book which can be understand by anyone who also read the book. Written within good manner for you, still dripping wet every ideas and creating skill only for eliminate your personal hunger then you still doubt Management Of Information Security as good book but not only by the cover but also by the content. This is one guide that can break don't evaluate book by its deal with, so do you still needing another sixth sense to pick that!? Oh come on your reading through sixth sense already said so why you have to listening to one more sixth sense.

Steven Ellison:

What is your hobby? Have you heard which question when you got pupils? We believe that that problem was given by teacher to the students. Many kinds of hobby, All people has different hobby. And you also know that little person similar to reading or as examining become their hobby. You must know that reading is very important along with book as to be the point. Book is important thing to increase you knowledge, except your own personal teacher or lecturer. You discover good news or update regarding something by book. Amount types of books that can you decide to try be your object. One of them are these claims Management Of Information Security.
