The Silk Village: A book about the silk weavers in Ban Puai, Thailand Charles Cameron Brands, Laurie Ann Cameron

This booklet takes you to the Thai village of Puai where women have been hand-weaving silk for generations. Using an ancient method called mudmi, the silk yarns are resist-dyed before the weaving takes place, creating the intricate, colorful patterns that makes their silk fabric so special. The process begins long before the weaving stage, starting with the raising of silk worms which are fed exclusively on mulberry leaves, followed by the nurturing of the cocoons, then the spinning of silk yarn from the slender threads of the cocoon.
