Ever watch a wild bear play in the water with a foam noodle , a rubber ducky, or sit in a tub way to small for its size? Backyard bears will make you smile!

Backyard bears is a full color 100 photo journal of 53 pages . Through my photos and descriptions the reader can see how a Momma Black Bear teaches and raises her young for a year and a half.

How the older cubs "yearlings" survive when she drives them away from her in May.

Momma then begins a new life with the incoming spring/summer courtship season.

The bears that I have photographed are not pets they are wild bearsother than identification I gave them no names I never talked to them I just sat quietly in my blind and photographed it all.
