Jessica Jacobs' *In Whatever Light Left to Us* is about how a great love for another woman got her to write it; poems infused not only with a serious and, at times, satiric and erotic understanding of the world facing intimacy, but poems that also look at nature and earthly landscapes with a new kind of longing, which makes the book feel invigoratingly restless and the descriptive power of that restlessness knocked me out.

-Michael Klein, author of *When I Was a Twin*
