No One Sees Me

David Sleppy

No One Sees Me David Sleppy

In his new book, *No One Sees Me*, photographer and author David Sleppy does see the common souls drifting among us. He does hear their stories. He does want to know. Do we? Perhaps it is because each is a bit too common, too much a reflection of our own weaknesses, our own guilt, that we dare not look. Homelessness. Sleppy brings us into not only the reality of individual situations portrayed through bound pages of masterfully-captured images; but he also narrates the story of each spirit, reflecting the loneliness of course, as well as the passion, and the human kindness of the stranger on the street. An eloquent book of photography, a social commentary of civil blindness, a cautionary tale of our own self-destruction, a tender reflection of the struggle of a mother and her daughter, a teenager's personal plight, the story of a friend we never knew. . . Such a powerful depiction of our overlooked brothers and sisters, readers will hear their own voices upon completing Sleppy's journey: I see you . . . I see you.
