This new resource contains 200 mock test items to help nurses prepare for the Certified in Care Coordination and Transition Management (CCCTM) exam provided by the Medical-Surgical Nursing Certification Board (MSNCB) in collaboration with AACN. Nurses can also use the CCTM Review Questions to assess their knowledge of the practice of care coordination and transition management. All the review questions and their answers, associated page numbers, and rationales (found in the back of the book) are based on the Care Coordination and Transition Management Core Curriculum, a AACN publication. Using the CCTM Core Curriculum as a companion to the CCTM Review Questions is highly recommended. CCTM Review Questions reflects the latest test blueprint of the CCTM exam corresponding to those on the exam: Communication and transition throughout the care continuum; Education, engagement; coaching and counseling of patients, caregivers, and support network; Population health management; Patient-centered care planning and support for self-management; Teamwork and inter-professional collaboration; and Advocacy.
