## L'histoire contemporaine à l'ère numérique - Contemporary History in the Digital Age (English and French Edition)

Depuis plusieurs décennies, les usages du numérique en histoire se multiplient. Mais l'histoire contemporaine est parfois restée à la marge de ce mouvement. Ce livre, qui recouvre divers usages du numérique, ses outils, ses méthodes, sera à la fois une bonne introduction pour les historiens désirant se renseigner sur les usages informatiques en histoire contemporaine, et un outil utile aux chercheurs et aux enseignants plus rompus à cette utilisation. Cet ouvrage leur permettra de comparer leurs pratiques et de les approfondir dans le cadre des humanités numériques.

Digital practices in the field of history have become more and more widespread in recent decades, but contemporary historians have often tended to remain on the sidelines of this trend. This book, which covers a wide range of digital practices, tools and methods, will serve both as a solid grounding for historians keen to learn how information technology can be applied to contemporary history, and as a useful tool for researchers and lecturers who already have a degree of experience in this area. It will enable scholars to compare and further their practices in the area of digital humanities, providing a comprehensive vision of the emerging field of digital history.
