Become a Highly-Paid Freelancer Working Online

Upwork, formerly known as oDesk, is one of the best resources around for landing paid freelancing gigs - but most freelancers who use Upwork fail. They compete for bottom-feeding jobs, and don't earn very much money.

Much of the advice you read out there on web forums and blogs about how to make money on Upwork is simply off the mark. Conventional wisdom leads to conventional results. In this book, I break down how the Upwork system works and how you can stand out and earn real money.

I lay out the exact principles I used to land high-quality clients from Upwork while living in Asia - who pay me thousands of dollars monthly in retainers. The best part is, the things I've done, anyone can do! All it takes is following the strategies outlined in this short but sweet guide.

In this book you will learn:

- The most powerful way to **secure credibility as a top freelancer**
- How to get featured in press and media
- **How to find and assess the best freelance jobs and clients**, and *take your freelance business to an entirely new level*
- Additional consulting and freelance platforms to engage in outside of Upwork - to create multiple streams of revenue
- **How to create killer, winning proposals**
- How to gain a competitive edge **using online video resumes**
- ?• Managing objections, and **closing the sale** - the biggest hurdle for freelancers
