The Orgone Accumulator Handbook: Wilhelm Reich's Life-Energy Discoveries and Healing Tools for the 21st Century, with Construction Plans James DeMeo

In the 1940s, the physician and natural scientist Dr. Wilhelm Reich claimed discovery of a new form of energy which charged up living organisms and also existed in the open atmosphere and in high vacuum. Reich's laboratory and clinical findings indicated this new energy, which he called the orgone, could be photographed and measured, and had powerful life-positive biological effects. Reich trained other scientists and physicians in his findings, and together they set about applying the inexpensive orgone treatment methods - using a device called the orgone energy accumulator - against various illness, including cancer, with remarkably good results. His published findings shocked the scientific world of his day, however, ultimately leading to numerous smear articles in the popular press, and trumped-up charges by a power-drunk Food and Drug Administration. The FDA & "investigation" lead to a court trial of much greater significance than the better-known "Scopes Monkey Trial". Ignoring Reich's evidence and declaring "the orgone energy does not exist", US Courts ordered all books on the orgone subject to be literally banned and burned. Reich was thrown into prison, where he died. His work was nearly forgotten except by a small group of supporters. In this book, former university professor Dr. James DeMeo examines Reich's evidence and reports on his own observations and laboratory experiments, which have repeatedly confirmed the reality of the orgone phenomenon. Dr. DeMeo also recounts the observations and experiments of others, particularly physicians working in private European clinics where open use of Reich's controversial orgone energy accumulator proceeds today. This Handbook gives a warning about low-level atomic and electromagnetic radiations, as from nuclear power plants, power-line fields and cell-phones, along with advice on measurement and protection against such toxic energy. The book also gives a discussion on the subject of healing waters from natural hot springs, a form of energy medicine which once was widely used in North America before the rise of the authoritarian MD-hospital system and the powerful federal bureaucracy of the FDA. Dr. DeMeo also gives detailed construction plans for people to build their own orgone energy blankets and accumulators, which are inexpensive and simple to construct, though requiring specific direction as to their materials and environments. This is the Third Revised and Expanded 2010 Edition of the Orgone Accumulator Handbook, nearly 100 pages larger than prior editions and carrying a Foreword by Dr. Eva Reich (the daughter of Dr. Wilhelm Reich), along with many photos, diagrams and charts. It retains all the original construction plans, updated to address new issues about the best materials for orgone accumulator and blanket construction. Two Appendix documents are also included, one which summarizes a double-blind and controlled clinical experiment proving the physiological effects of the orgone accumulator on volunteer subjects in a German university, and another which details the similarities of Reich's orgone energy to the cosmic ether and "dark matter" of modern physics. This new edition also includes a section providing New Evidence on the Persecution of Reich, along with a bibliography, index and many weblinks for added information. It has many new photos and materials extracted from Dr. DeMeo's publications verifying the reality of the orgone energy, and is a must-have for all those interested in the issue of life-energy, subtle-energy or energy-medicine research. This is an excellent introduction to a major scientific discovery, organized for the educated layperson but with sufficient detail and citations to stimulate the curiosity of the open-minded physician and scientist.

From reader reviews:

Gerald Stewart:

Throughout other case, little persons like to read book The Orgone Accumulator Handbook: Wilhelm Reich's Life-Energy Discoveries and Healing Tools for the 21st Century, with Construction Plans. You can choose the best book if you want reading a book. As long as we know about how is important any book The Orgone Accumulator Handbook: Wilhelm Reich's Life-Energy Discoveries and Healing Tools for the 21st Century, with Construction Plans. You can add expertise and of course you can around the world by way of a book. Absolutely right, due to the fact from book you can recognize everything! From your country till foreign or abroad you may be known. About simple factor until wonderful thing you can know that. In this era, we can open a book or searching by internet gadget. It is called e-book. You can use it when you feel bored stiff to go to the library. Let's go through.

Mary Flynn:

Reading a book tends to be new life style within this era globalization. With reading through you can get a lot of information that may give you benefit in your life. Along with book everyone in this world may share their idea. Ebooks can also inspire a lot of people. A lot of author can inspire their particular reader with their story or perhaps their experience. Not only the storyline that share in the textbooks. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors on this planet always try to improve their ability in writing, they also doing some analysis before they write for their book. One of them is this The Orgone Accumulator Handbook: Wilhelm Reich's Life-Energy Discoveries and Healing Tools for the 21st Century, with Construction Plans.

Bert Ferguson:

People live in this new moment of lifestyle always try to and must have the spare time or they will get lot of stress from both daily life and work. So , whenever we ask do people have free time, we will say absolutely sure. People is human not only a robot. Then we inquire again, what kind of activity do you have when the spare time coming to you actually of course your answer may unlimited right. Then ever try this one, reading ebooks. It can be your alternative inside spending your spare time, typically the book you have read is The Orgone Accumulator Handbook: Wilhelm Reich's Life-Energy Discoveries and Healing Tools for the 21st Century, with Construction Plans.

Mark Smith:

Reserve is one of source of information. We can add our understanding from it. Not only for students and also native or citizen have to have book to know the change information of year to year. As we know those books have many advantages. Beside we add our knowledge, could also bring us to around the world. With the book The Orgone Accumulator Handbook: Wilhelm Reich's Life-Energy Discoveries and Healing Tools

for the 21st Century, with Construction Plans we can have more advantage. Don't one to be creative people? To be creative person must want to read a book. Just choose the best book that acceptable with your aim. Don't possibly be doubt to change your life at this book The Orgone Accumulator Handbook: Wilhelm Reich's Life-Energy Discoveries and Healing Tools for the 21st Century, with Construction Plans. You can more pleasing than now.
