As a pupil exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's heart or real their passion. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country.
