chapters success and we hope the Italian chapter can help lead the way in developing regional groups as well.  
In examining this volume, the reader might ask whether there is something different about Italian research and,  
more generally, research from the Mediterranean area (there is a fourth Mediterranean Conference in Inf-  
ormation Systems (MCIS) in Athens in October 2009). This volume of papers is a  
good place to start answering that question. Contents Introduction. . . . .
