AQA GCSE Design and Technology: Electronic Products Richard Johnson, Samantha Forsyth, Neil Cafferky, Anderson Paul, Harry Longworth, Keith Mellens

Specifically written to cover the AQA GCSE Electronic Products specification, our student book takes a focused look at the design and manufacturing processes of every day electronic products, whilst providing comprehensive support for the Controlled Assessment. Clear learning objectives at the start of each chapter, helping students focus on what they need to know. Key terms reinforce learning, providing definitions of key words that students need to be familiar with. Includes a range of activities that develops design and making skills, encouraging students to apply concepts to real-life contexts.
