The Metalsmith's Book of Boxes & Locketts (Jewelry Crafts) Tim McCreight, McCreight

This book is a follow-up to the highly successful "Jewelry Fundamentals of Metalsmithing" and has the same high quality photos and practical information. In addition to featuring scores of exciting boxes by contemporary designers from around the world, the book describes dozens of hinges, catches and construction techniques in practical detail. Intended for intermediate metalsmiths, this book will not only teach you how to make that special hinge, but get you excited about what to do with it.
